

Phono-Graphix

Hello, Blue Door 2 Families! This week, BD2 students will learn the sound pictures for the sound “f”. They’ll also review the sound pictures for the sound “k” and practice phoneme segmentation and blending.

You’ll notice that some of the assignments have a Zoom Lesson or video attached. These optional lessons are designed to deepen your child’s understanding of this week’s Phono-Graphix work. For every live Zoom lesson I teach, I’ll always post an equivalent instructional video on the Phono-Graphix class page. If you’d like to participate but these options don’t work for you, please reach out to me and we will figure something out!
